

BISON GEAR

Universal Drop-Down Tailgate Table

3169314_TBL-63-UNIVERSAL

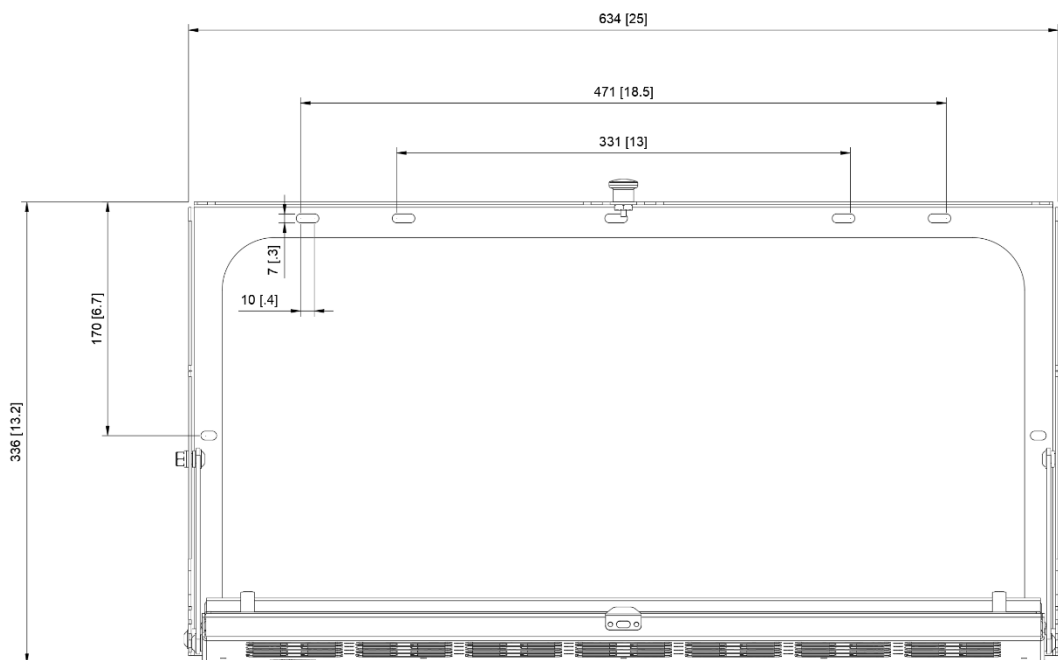

💡 Before you start

The Universal Drop-Down Tailgate Table was designed mainly with cars listed below in mind:

- **Lexus GX470**
- **Lexus GX460**
- **Toyota Land Cruiser 120**
- **Toyota Land Cruiser 150**
- **Mercedes G-Class**
- **Nissan Patrol**

This doesn't mean it won't fit any other vehicles, but before starting the installation process check if it will fit your car by reviewing the measurements below (numbers in brackets are in inches):

BISON GEAR

Part list

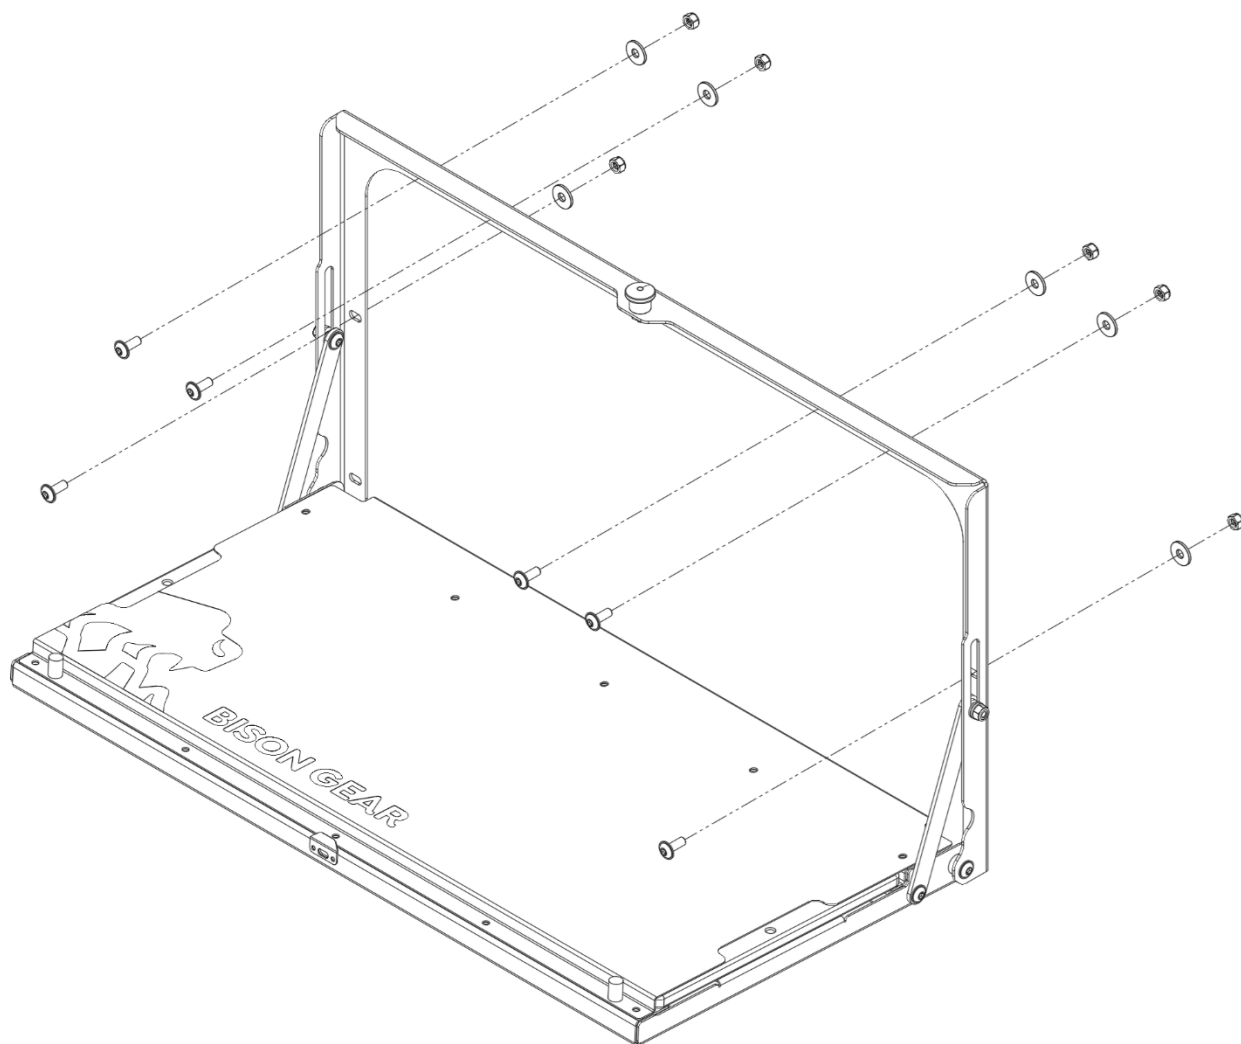

LP	PART	QTY	IMAGE
1	Table	1	
2	M6x16 Flange bolt ISO 7380-2	6

5	M6 Self- locking nut DIN 985	6	

BISON GEAR

✂ List of necessary tools¹:

- 4 mm Allen Key (Hex)
- 10 mm wrench
- 6 or 6.5 mm drill

¹ NOTE: The tools **are not** the part of the set.
bison-gear.com

Installation:

The table and parts required to mount it are shipped in a single package, make sure that all of them are included.

1. Begin by preparing all the parts and gathering the necessary tools.
2. Test where you would like the table to fit on your tailgate trim and mark spots for the 6 bolts that will hold it in place.
3. Remove the trim of your tailgate and drill holes in your trim in previously marked spots.
4. Using the included hardware bolt the table to the trim as shown in the picture on **page 4**. The trim should be between the table backing plate and the oversized washer.
5. Mount the trim with the table attached to your tailgate.
6. Test the table a few times (open and close it) to check if everything works properly.

After driving 50km with the table, check all the bolts and retighten them if necessary.
